If you're not entirely satisfied with any aspect of our care or service we provide, it's important the practice are aware as soon as possible to allow us to address the concerns promptly and effectively. we accept complaints made verbally as well as written complaints. If you feel you are unable to raise a complaint about the service we have provided you on the NHS you may wish to address your complaint directly to NHS England at england.contactus@nhs.net.

Lydia Bullock (Practice Manager) is our complaint manager and will be your personal contact to assist you with any complaints. We aim to resolve verbal complaints within 24 hours where possible. Should you wish to complain in writing, we will send an acknowledgement letter within 3 working days. We will aim to provide a full response in writing as soon as practical.

If the Complaints Manager is unavailable, we will take brief details about the complaint and will arrange for a meeting when it is suitable for you and the practice. We will keep comprehensive and confidential records of your complaint, which will be stored securely and only be accessible by those who need to know about your complaint. If the complaint investigation takes longer than anticipated, the complaints manager will contact you at least every ten working days to keep you informed of the reason for the delay, the progress of the investigation and the proposed date it will be completed.

When the investigation has been completed, you will be informed of its outcome in writing. We will make our response clear, addressing each of you concerns as best as we can. You will also be invited to a meeting to discuss the results and any practical solutions that we can offer to you. These solutions could include replacing treatment, refunding fees paid, referring you for specialist treatments or other solutions that meet your needs and resolve the complaint.
